

### **Dante PoE powered Speaker**

With audio distributed via a Dante network and PoE power\* supplied from a PoE compliant L2 switch, the speaker system can be constructed as a network, allowing existing IT infrastructure to be effectively utilized. Simple wiring via LAN cables, easy installation, and no need for a power amp contribute to the flexibility of installation, allowing you to construct an elegant sound system that will not interfere with the design of the conference room.

\* When using an IEEE 802.3at compliant PoE power supply device, the maximum speaker output is 15W; when using an IEEE 802.3af compliant PoE power supply device, the maximum speaker output is 6W.

### **Slim Line Arrays Blend High Sound Quality with Visual Elegance**

The VXL1-16P is equipped with 16 drivers. A line array configuration is used, placing the audio sources linearly to reduce sound dispersion in the vertical direction, thereby limiting reflections from the ceiling and walls, and preventing sound energy from being dispersed, ensuring that clear sound can be delivered to long distance. The drivers are 3.75 cm (1.5 inch) full-range units that extravagantly use neodymium magnets, and are placed in a slim

enclosure (chassis) that is 5.4 cm wide. This allows easy installation even in locations that have various limitations on placement space, without impairing the décor of the office conference room.

# Flexible Installation Options

Dedicated hardware is included with the product for wall mounting. In addition, a rich variety of options are separately available as speaker accessories, including the "WMB-L1B" and "WMB-L1W" wall mount brackets with adjustable vertical and horizontal angles, the "HCB-L1B" horizontal coupling bracket for horizontal connection for providing a high SPL with a narrower horizontal directionality. And the "PA-L1B" for pole-mounting the speaker, giving you flexibility for installing these in a variety of environments.

## VXL1-16P B w

• Dante PoE powered speaker

- •1.5 inch (3.75 cm) full-range speaker units with neodymium magnets
- Horizontal dispersion for uniform SPL over a wide area
- Slim design complements any interior décor
- Enclosures can be painted to match surroundings
- Wall mount bracket supplied
- Optional hardware for a wide range of installation needs

VXL1-16P can be remotely controlled from a "ProVisionaire Touch" custom control panel for the iPad via a Wi-Fi network.

#### System Example

#### **Conference** room

This sample system for a conference room includes a remote conferencing system, built around a digital signal processor, which allows conferences to be shared with remote locations. By using the Dante network and PoE compatible VXL Series "P Model", it is possible to connect all of the sounds from the input to output with a single LAN cable and construct a smart acoustic system.

### Specifications

General specific	ations		VXL1B-16P/VXL1W-16P
Speaker type			Full-range, powered speaker, bass reflex
Frequency range (-10dB) <sup>*1</sup>			80Hz - 20kHz
Coverage (Horizontal x Vertical) (-6dB)			Horizontal 170° Vertical 25° (+12.5°12.5°)
Effective coverage (Horizontal x Vertical) (-10dB)			Horizontal 180° (+15°15°)
Maximum SPL (peak)*2 IEC noise@1m			102 dB SPL (when using PoE+ (IEEE 802.3at))
Amplifier	Power rating	Dynamic	15W (PoE+ (IEEE 802.3 at)), 6W (PoE (IEEE 802.3 af))
		Continuous	15W (PoE+ (IEEE 802.3 at)), 6W (PoE (IEEE 802.3 af))
	Cooling		Natural convection
	Protection	Speaker processing	Clip limiting, Integral power protection
		Amplifier	Over current protection, Over temperature protection, Under voltage lock out, DC detection, Clock detection
		Power supply	Over load protection, Over voltage protection, Under voltage lock out
	Connectors		RJ-45 (Dante) x 1
	Power requiirements		PoE+ (IEEE 802.3at), PoE (IEEE 802.3af)
	power consumption	Idle	3W
		1/8 (Pink Noise)	6W (PoE+ (IEEE 802.3at)), 4.3W (PoE (IEEE 802.3af))
Component			1.5"(3.75cm) Cone x 16
Finish			VXL1B-16P: Black painting (approximate value: Munsell N3.0) VXL1W-16P: White painting (approximate value: Munsell N9.0)
Dimensions (W x H x D)			54mm x 1120mm x 104mm (Speaker only)
Net weight			5.0kg (Speaker only)
Included accessories			Mounting bracket x 2, Bracket base x 2, Safety wire x 1, Machine screws (M5 x 10) x 2, Template x 1, Owner's man
Packaging			Packaged in 1 pc
Options			WMB-L1B (W), HCB-L1B, PA-L1B
